

***Making a RA7F+L on RA7 Path – a Representation Agreement with two authorities
from section 7 of the BC Representation Agreement Act
The authorities correspond to two life areas.***

Do NOT send any RA paperwork to Nidus by regular mail or email – it will be shredded or deleted.

What makes the RA Act of BC world renowned?

It allows someone with **cognitive difficulties** to make a legal document (a Representation Agreement) with authorities from section 7. This is a first in the world.

Do you have the right package?

This material is about the RA7F+L based on the RA7 approach to capability. The two authorities are circled below. For other types of Agreements, go to <https://nidus.ca/ra-forms/> and scroll down.

RA7 is sometimes used as a generic term. Nidus uses more specific terms (and has different RA7 forms).

- RA7ALL has **all 4** authorities as shown in graphic on next page:
 1. Minor and major **Health care** matters,
 2. **Personal care** matters,
 3. Obtain **Legal** services and instruct counsel..., and
 4. Routine management of **Financial** affairs.
- RA7H+P has two authorities (minor and major health care matters and personal care matters);
- RA7F+L has two authorities (legal matters and routine management of financial affairs).

WHO MAKES THE RA7F+L?

No one has automatic authority to act on behalf of an adult (not parents or even a spouse).

- You must be **19 years or older** (an adult) to make the RA7F+L. (19 is the age of adulthood in BC).
- The RA7F+L on RA7 Path was specially designed for adults with cognitive difficulties, where something is already in place for health care and personal care affairs.
- It is all about CAPABILITY requirements.
 - It is common for a spouse with advanced dementia to make the RA7F+L and the other spouse to make an Enduring Power of Attorney with the RA9.
 - The same for a parent with an adult child with a developmental disability. The adult child with a disability may make the RA7F+L or RA7ALL and the parent(s) to make the EPA and RA9.

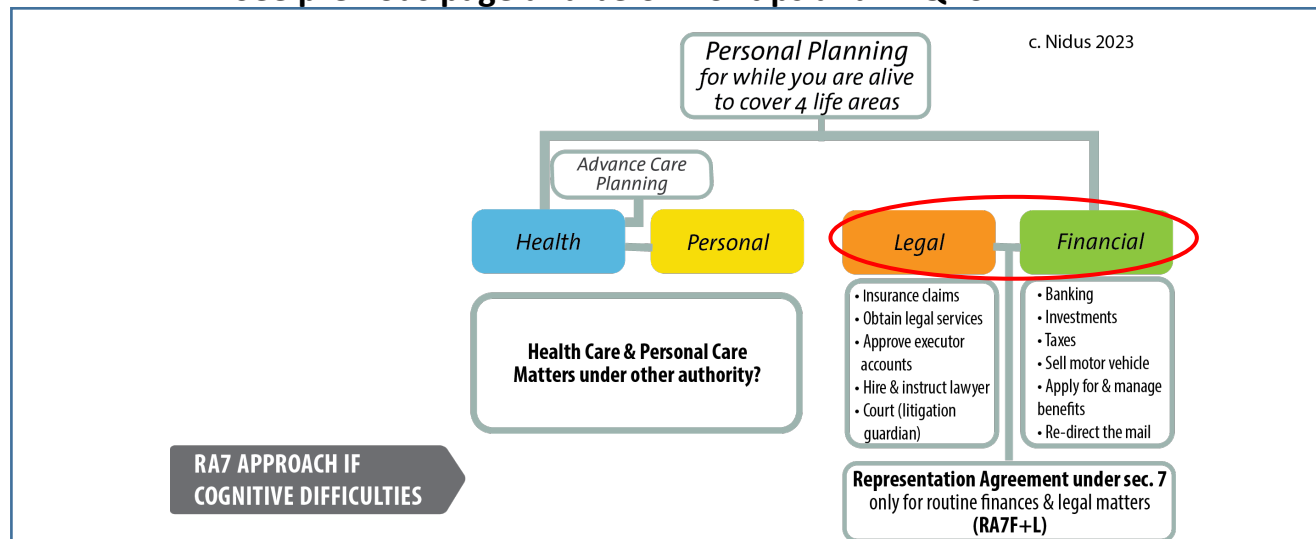

ARE YOU IN THE RIGHT FRAME OF MIND?

If you are thinking the RA7F+L gives you total control over the adult's financial decisions – you are wrong.

Values, terminology and approaches change and evolve. New thinking applies to adults in the community living sector as well as to other adults who get dementia or have a serious stroke.

You may need to change your language and your thinking. Even if an adult has many disabilities and needs lots of help, the adult is a PERSON and has the same rights as any adult to have their wishes followed.

See previous page and below for tips and FAQ for RA7F+L.

This package is for self-help. Click links below for answers to frequently asked questions. Thanks to a grant from Community Living BC, Nidus provides information and examples in the FAQ links below of relevance to the community living sector. However, the content is not an endorsement by CLBC.
