## Need Assistance Using the Registry?

### *Felipe can help!*

Felipe is studying Business Administration and, thanks to Service Canada Summer Jobs Program, he has joined us for the summer as our Registry Coordinator.

Have you made your planning documents and need help with using the Personal Planning Registry? Do you have questions about how to:

- Create an account
- Upload documents
- Update information

Assistance is available, Monday to Friday, during business hours. Email Felipe to set up a specific time at [registry@nidus.ca](mailto:registry@nidus.ca)

**This special offer is only available until the end of August.**

Felipe can assist people:

- In-person at our Vancouver office
- Over-the-phone

For over the phone assistance you must have access to the internet and your computer or iPad. We will guide you so you can learn how to register your own documents. You cannot mail or fax documents to us.

*This help is for the Registry service only; it is not for answering questions about making or using documents.*
